

The Revere Retirement Board (RRB) is seeking Physicians/Medical Facilities/Medical Review Organizations interested in conducting Medical Evaluations of public municipal employees seeking disability retirement under M.G.L. c. 32, ss. 6 and 7.

The Medical Evaluations may include medical record reviews, consulting with the Board, writing reports for the Board, consulting with medical professionals, including a member's treating physician and recommending non-invasive medical and vocational testing.

Bidders are advised that acceptance and execution of a contract does not guarantee a vendor will be assigned to conduct any reviews. It does not guarantee that, having conducted a review, a vendor will be given a certain amount of reviews to complete within the life of the contract. The assignment of vendors to conduct reviews remains the sole discretion of RRB.

Interested bidders may contact Sandor Zapolin, Administrator, at szapolin@revere.org or 781-286-8173 to receive a complete copy of the RFP. Responses are due June 30, 2018.
